- Ephesians 2:20-21 says, "built on the foundation of the apostles and prophets, with Christ Jesus himself as the cornerstone. In him the whole building, being put together, grows into a holy temple in the Lord." What does it mean for Jesus to be the cornerstone?
- How have you seen God at work in your family? (providing something for you, keeping you healthy, etc)
- What do you love most about your church?
- Why do you think it's important to be a part of a church?
- How often should we pray?
- When did you ask God for something and He said yes?
- What did today's story teach you about Jesus and who He is

*h      o      eed Optional: Rocks, a frame, a notebook, any way to record blessings.*

God has been working in your family! Sometimes we see His love through small things and sometimes we can see His work through big miracles. Do you have a place in your home where you record when and where you see God moving? There's no better time to start than now. Decide as a family how you want to record the Lord's blessings. Do you want to write them on rocks and display them? Maybe your family has a shadowbox frame that you can display answered prayers in. No matter the way you display His mighty works, make sure that you take time together routinely as a family to share with each other the way God has been blessing your family. Sometimes we get too busy and forget to see the things God is doing right before our eyes. Today, talk about those things as a family and then pray together. Thank God for the big and small ways that He is showing your family so much love.
